**HAND TUFTED RUGS**

100% Wool, designed, made and hand-finished in the UK.

*“Each hand tufted rug is an individual piece - we balance the components of design, texture and colour in every one”*

#### **UNIQUE APPROACH**

Craftsmanship and passion guide every Roger Oates Design rug from start to finish. From the initial drawings and throughout production, we offer a unique approach to hand tufting.

Combining cutting edge technology with traditional techniques, rugs are made individually, enabling an original, creative, and collaborative platform for our clients.

## TRACEABLE WOOL

In partnership with Woolkeepers® we use 100% British wool that is traceable all the way back to the farms where the sheep were raised.

Woolkeepers® are a forward-thinking initiative who provide support to British sheep farmers through an environmentally conscious framework. The result is sourcing integrity, fairer wool prices for farmers, and the highest quality wool.

## PRECISION & DETAIL

Using cut and loop textures and varying pile heights for pattern and depth, we uncover unique new surface textures and finishes.

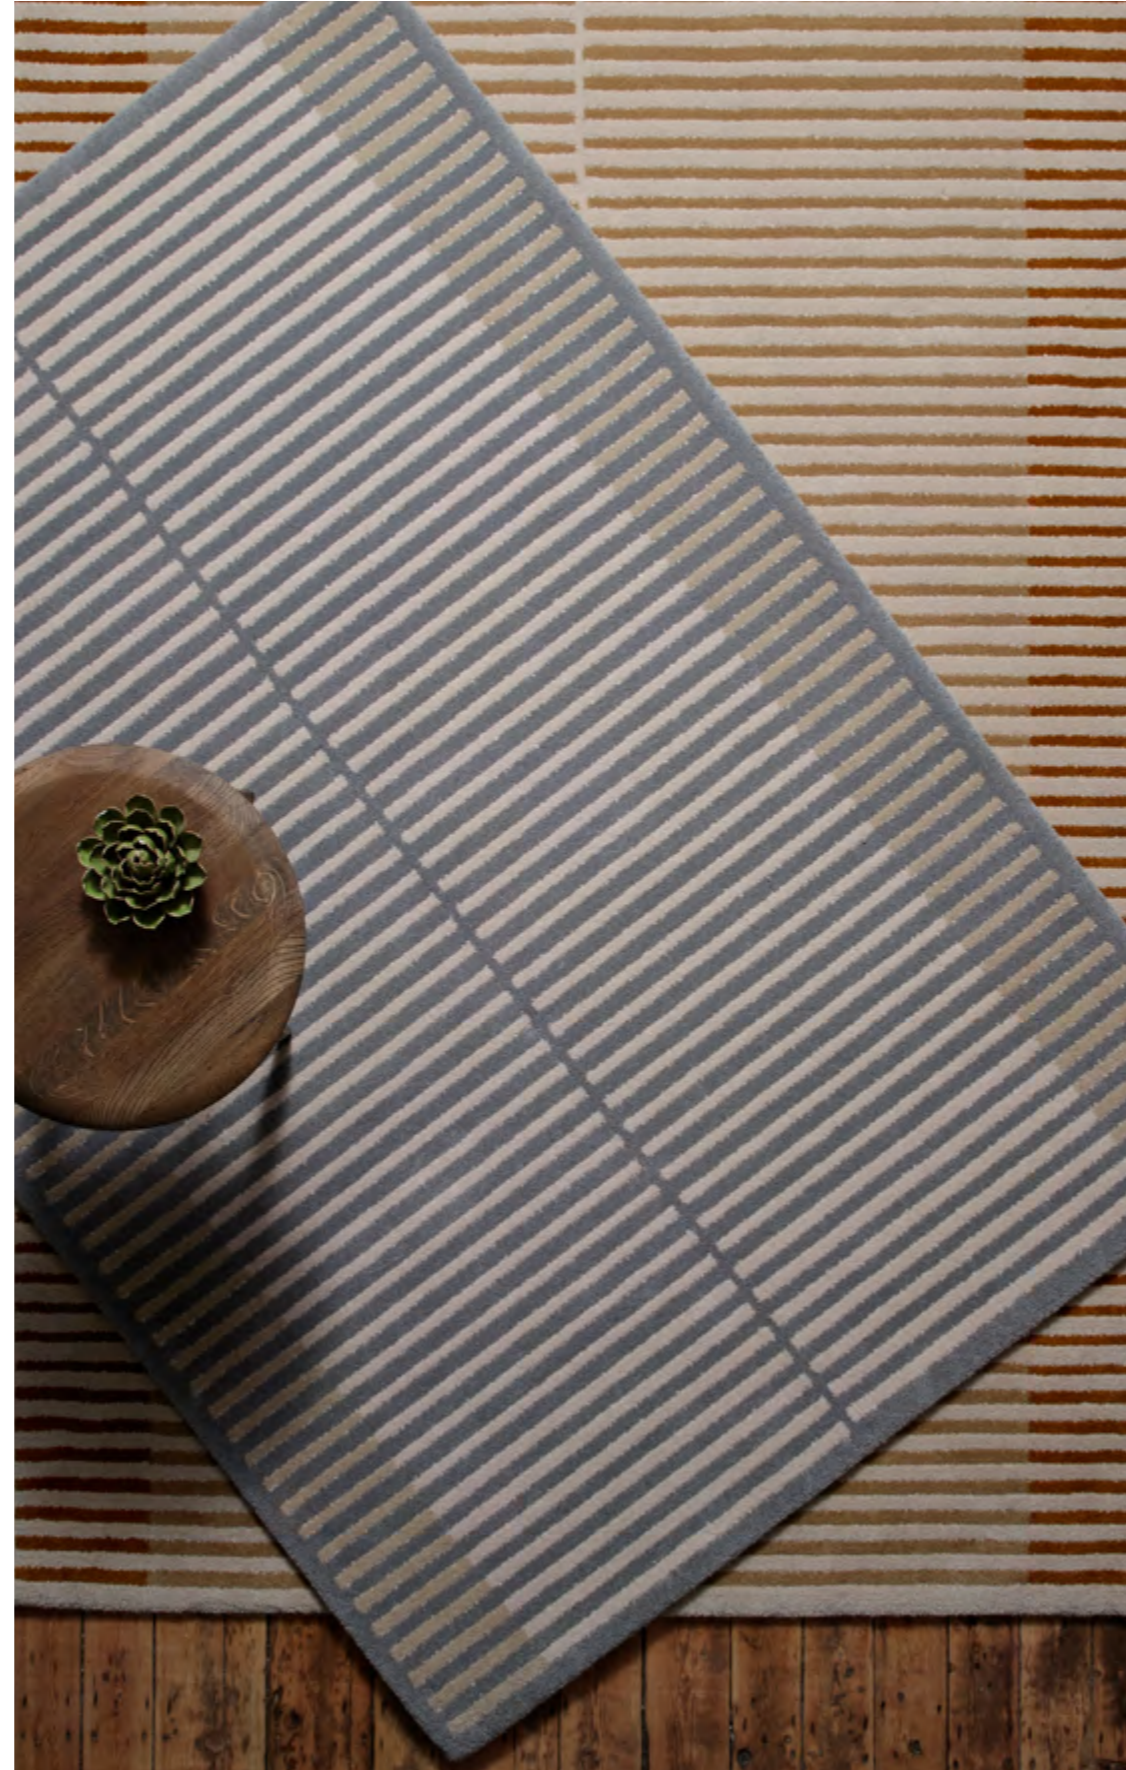

Working on each rug individually and finishing by hand allows us to focus on the finer details that set our rugs apart.

## TEXTURE & COLOUR

State of the art tufting technology allows our designers to experiment with pile height, shape, and placement.

With two types of yarn and a palette of over 200 colours, we are able to develop dramatic tufted landscapes using almost unlimited combinations of texture and colour.

### **SIGNATURE STRIPES**

As a subtle nod to our weaving heritage, our signature stripes can be found in many of our hand-tufted rug designs. With a long-standing archive we have a rich source of inspiration to draw from.

# *forms*

## COLLECTION

## FORMS COLLECTION

Forms explores a striking fusion of bold colour blocking, contemporary textures, and strong geometry. A group of six transformative designs draw influence from an original 1989 Roger Oates tufted rug, Dynamic Bars, with the graphic composition forming the building blocks of the collection.

**DYNAMIC BARS** MARJORELLE **EIGHTH** PRISM

Cut and loop pile, sheared finish.  
195cm x 270cm approx. Multiple sizes available.

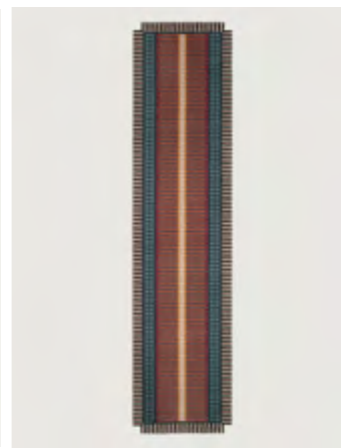

Cut and loop pile, sheared finish.  
190cm x 240cm approx. Multiple sizes available.

## COLOUR, SIZE, SHAPE, AND FINISH

Beautifully soft and luxurious 100% wool rugs, exclusively created in our Devon workshop.

Our team of designers create a rug specially suited to your needs. We offer a collaborative platform where each design is tailored to its individual space.

200 colours to choose from in our exclusive Roger Oates colour palette. In addition, we offer a bespoke colour matching service, please allow an additional 3 weeks.

We offer a CAD and bespoke sample service. A CAD is prepared in approx. 10 days. A sample takes approx. 3 weeks.

Rugs are delivered in 6 to 8 weeks from sign-off of design.

## PILE TYPES

- Cut Pile
- Loop Pile
- Long Pile
- Sculpted Pile

## SURFACE FINISHING

- Sheared Finish - *for a clean, smooth surface appearance*
- Hand Finished - *for a softer pile with texture and variation*

## SIZE & SHAPE

Individual pieces sized up to 4 x 6 metres. All rugs are customisable. From circles and squares to trapeziums and triangles, each design can be tailored to any space.
